No. 48 - 77

TITLE/SIGNIFICANCE:

U/I Bunker at PVO-Associated Airfields

COMMENT: This unique-looking concrete, arched-roof bunker has been identified under-construction at three PVO STRANY-associated airfields in the Moscow Air Defense District: Smolensk Airfield [REDACTED], Kotlas South Airfield [REDACTED] and Morshansk Airfield [REDACTED]. In all cases, this bunker has been constructed at, or near the end of the runway. At Smolensk, the bunker has been observed cabled to the Ground Controlled Approach/Air Traffic Control (GCA/ATC) area, implying a related function.
